

About the Conference

The Three-State Beef Conference (formerly the Four-State Beef Conference) is designed to give beef cattle producers and others in the beef industry in Iowa, Missouri, and Nebraska a regular update on current cow-calf and stocker topics. The conference provides a forum of specialists from three of the United States' leading beef cattle land grant universities as well as other industry experts. The 33rd annual conference will address relevant issues affecting beef operations.

We request that attendees preregister by Friday, January 12, 2018. Calling or e-mailing with your reservation helps with meal plans and helps keep costs down. The registration fee is \$25 per person. It includes a meal and a copy of the conference proceedings.

If you need accommodations because of a disability, have emergency medical information to share, or need special arrangements in case the building must be evacuated, please inform us immediately.

For more information, contact your local university extension office or visit our website at <http://extension.iastate.edu/feci/3StBeef>.
